

## Summary of Audited Accounts 2009

The Centre has once again moved forward positively last year and despite continuing tough international financial conditions in 2009, recorded a healthy cash flow surplus. Total Revenues were US\$2,232,649 including earned income, grants and overseas development assistance whilst expenditure (shown by programme and excluding depreciation) was US\$1,885,207. Details of Income and expenditure are shown in the graphics below:
